### New Meeting Space Buzz!

**The City of Rancho Cordova has informed Rancho Cordova Veteran Service Organizations (VSOs) that they would like to provide a place for Veterans to meet and gather!**

Details are being worked out and the target move-in may come as early as this summer! The city will pay for a lease and all of the building related costs. VSOs will work together to make the space welcoming to Veterans and to better serve our community.

Having a Veteran meeting / gathering space is truly exciting. Our post will have a physical address! It will become the base of operations for our current programs and a place where we can have social gatherings without the cost of a restaurant or facility rental. This is a new development but looks solid, stay tuned!

**VFW Announces Fifth Annual Day of Service**

VFW Day of Service began in 2022 as an outgrowth of the organization’s #Still Serving campaign that highlights the ongoing dedication of veterans and service members who continue to uplift and improve their communities after their military service has ended. This year’s VFW Day of Service is sponsored by Humana, USAA, CenterWell and loanDepot.

The VFW is calling on all veterans across America and around the world to join in the VFW Day of Service to show that veterans never stop serving. To register your event and get resources, or to find an event near you to join and see how other veterans around the country are making a difference, visit at [VFWDayofService.org](https://www.vfw.org/DayofService.org).

**We will participate in the Stone Creek Block Sale - April 25th**

Come and support Comrade Mark Elder’s efforts and enjoy some fun shopping while you are at it! All proceeds from Mark’s location will be donated to VFW Post 10125.

Find the sale map online <https://www.stonecreekgaragesale.com/>

We are now signed up with **eWaste4good!**

eWaste4good is an electronic waste recycling program. Our Post will earn money by helping people safely recycle old electronics that they want to get rid of. It’s a great program in which no handling of e-waste is required, because they will pick it up directly from a home or business! <https://ewaste4good.com/pick-up-request/>

If you bring eWaste to a meeting, there are members that will take care of the pick-up process or call Rita Houchin 916-704-1171 and will get information to you.
